

KMC WORKSHOP 2018

CHAMPAGNE SPORTS RESORT, DRAKENSBERG, KwaZulu-Natal
11 - 13 MARCH 2018

“Kangaroo Mother Care: Pathways to Sustainability”

In September 2015 our Minister of Health, the honourable Dr Aaron Motsoaledi had pledged South Africa's support to the Sustainable Development Goals at the United Nations Forum thus:

*“In support of the **Global Strategy**, we commit to support Every Woman, Every Child and Every Adolescent everywhere to **survive, thrive and transform** their lives and communities. We therefore commit to reaching a range of targets as indicated in our **National Development Plan: Vision 2030**, including the following:*

*Implement strategies to ensure safe delivery and reduction in neonatal mortality, including access to skilled health workers and **ensure implementation of KMC in all public hospitals.**”*

The South African Kangaroo Mother Care Foundation (SAKMCF) is proud to be **partnering with the Priorities in Perinatal Care Conference in 2018**. The theme this year will be to ensure that the existing and new KMC models throughout our country are sustainable in the long term and honour our Minister's SDG pledge.

We welcome all newborn care givers to this workshop and look forward to sharing ideas.

Registration opens in **Sept 2017** and closes in **24 Feb 2018 or when full**, whichever occurs first, so book early as **limited to 120** delegates! All registrations and bookings to be made via the organiser.
